I received this email this morning. We tried to call the general manager and had to leave a voicemail. I will also forward the email I sent to him last night asking for updates. We will pass any more information along as we receive it. Thanks again for all of your input and feedback.

Thanks Bobby for the POU filter pics.

Ex. 5 Deliberative Process (DP)

The DHHR press release includes: "Lead lines were phased out in the 1950s and it would be unlikely but possible that houses built after 1960 could have lead lines." Homes that are newer or do not have lead service lines will not be impacted by this study." See: <https://dhhr.wv.gov/News/Pages/DHHR-and-Clarksburg-Water-System-to-Study-Older-Homes-with-Lead-Service-Lines.aspx>

As communicated, CWB is dropping off several sample bottles today.
Provide approx. # at end of day.
